STEP LATAM CONFERENCE APP

2019 marked the debut of the STEP LATAM conference app, our state of the art delegate engagement tool for Android and iOS, and other web platforms.

This unique app allowed us to tailor further sponsor exposure and engagement. The app was a great success at last year's conference and will be used again for 2020. We look forward to talking with each sponsor on how to include your brand in our integrated mobile engagement activities. There will be multiple opportunities for gaming and affinity programs, feedback, data collection and sponsor draws.

Contact us today to see how you can maximize your brand exposure at this year's conference!

SPONSORSHIP BY DESIGN

Although we have created a variety of sponsorship packages to choose from, we understand that we may not have captured what everyone is looking for in benefits, promotional items or value. That is why we offer the Sponsorship by Design option where we invite sponsors to work with us to create a package unique to their request.

If you have an idea that you would like us to consider for sponsorship, we would be happy to work with you in finding a “design” that fits your sponsorship needs. Please contact us through our conference website:
